## Product Description

### Product Description:

The E-Fatbike features a wheel size of 20 inches, which provides excellent stability and control on any terrain. The bike can handle a maximum load of 150kgs, making it perfect for riders of all shapes and sizes. The large tyre size of 26 inches and a tire of 20 inches make it ideal for off-road adventures, providing excellent grip and traction on any surface.

Whether you're looking to tackle rugged mountain trails or cruise through city streets, the E-Fatbike is the perfect choice. With its powerful motor and efficient controller, this bike delivers a smooth and exhilarating ride every time. The large wheels and tires offer excellent stability and traction, making it easy to navigate even the toughest terrain.

In addition to its impressive performance, the E-Fatbike is also incredibly stylish and eye-catching. The sleek design and bold colors are sure to turn heads wherever you go. Whether you're a seasoned cyclist or just starting out, the E-Fatbike is the perfect choice for anyone looking for a fun and exciting way to explore the great outdoors.

So why wait? Order your E-Fatbike today and experience the thrill of off-road cycling like never before!

### Features:

Product Name: Electric Fat Tire Bike (E-Fatbike)

Front Fork: Al Alloy Suspension

Tire: 20

Controller: Bafang Integrated Controller

Tire Size: 26

Tires: 26

### Applications:

The Thunder Electric Bike is perfect for outdoor enthusiasts who want to explore different terrains without worrying about the difficulty of pedaling through sand or snow. The powerful electric motor makes it easy to navigate through rough terrain, and the wide tires provide excellent stability and control.

The Thunder Electric Bike is also an excellent choice for those who want to commute to work or run errands around town. The bike has a load capacity of 300 lbs and can carry up to 150kgs, which makes it perfect for carrying groceries or other items. The front and rear mudguards are included, so you can ride in any weather condition without worrying about getting dirty.

Whether you want to go on an adventure or simply run errands around town, the Thunder Electric Bike is an excellent choice. Its powerful motor, wide tires, and sturdy design make it perfect for any occasion. It is also an eco-friendly alternative to traditional gas-powered vehicles, which makes it an excellent choice for those who want to reduce their carbon footprint.

So, if you're looking for an E-Fatbike that can handle any terrain and provide a smooth, powerful ride, the Thunder Electric Bike is the perfect choice. Whether you want to explore the great outdoors or simply commute to work, this electric bike is sure to meet all your needs.
