12 Inch Tire Electric Bike**

Product Description

Product Description:

The Electric City Commuter Bike is powered by a 36V battery, providing you with the power you need to get to your destination quickly and effortlessly. With a maximum speed of 25 km/h, you can easily keep up with traffic while also enjoying the fresh air and exercise that come with biking.

The Shimano 7-speed derailleur is designed to make shifting gears a breeze, allowing you to quickly and easily adjust your speed to match the terrain. Whether you're climbing hills or cruising down the street, this bike has the versatility you need to tackle any challenge. Designed with the urban commuter in mind, the Electric City Commuter Bike is also equipped with a range of features to ensure your safety and comfort. The bike comes with front and rear lights, ensuring that you are visible to other motorists even in low light conditions. Additionally, the bike is designed with a comfortable saddle and ergonomic handlebars to reduce fatigue and ensure a comfortable ride. Overall, the Electric City Commuter Bike is a reliable, efficient, and versatile option for those looking to commute around the city. Whether you're looking for a way to reduce your carbon footprint or simply want to enjoy the many benefits of biking, this electric bike is the perfect solution.

Features:

Product Name: Electric City Commuter Bike

Derailleur: Shimano 7 Speed Derailleur

Max Speed: 25 Km/h

Battery Position: Integrated Battery

Handle Bar: AL-ALLOY Overstriking 31.8 AL6061 ZOOM

Type: Foldable

Applications:

The Thunder Electric Bike is perfect for busy urbanites who want to commute to work or run errands without the hassle of traffic and parking. Its compact and foldable design allows for easy storage in small apartments or offices. The electric motor provides a boost when needed, making uphill climbs and long-distance rides a breeze. The Thunder Electric Bike is also an eco-friendly alternative to gas-powered vehicles, reducing carbon emissions and contributing to a greener environment.

The Thunder Electric Bike is also a great option for leisurely rides around town. Its lightweight and easy-to-use design make it a perfect choice for exploring new neighborhoods and scenic routes. The electric motor provides an extra boost for longer rides, giving riders the freedom to explore without worrying about getting tired or running out of energy.

Overall, the Thunder Electric Bike is a versatile and practical option for anyone looking for an electric city commuter bike. Whether you're using it for daily commutes, errands, or leisurely rides, it provides a convenient and eco-friendly way to get around town.
