Basic Information

- Place of Origin: zhejiang
- Brand Name: Thunder Electric Bike

Product Specification

- Type: Kenda, 700C K-193
- Charging Time: >3 Hours
- Wheel Size: 700C
- Brake: 4 Piston Hydraulic Disc Brake
- Display: LCD Display
- Warranty: 2 Years
- Frame Material: Carbon Fiber
- Derailleur: Fixed Gear
- Highlight: **700C Electric Road Bike,
Carbon Fiber Frame Electric Road Bike**

Product Description

Product Description:

The Electrically-Enhanced Road Bike is powered by a high-torque motor that delivers a range of 30-50NM, enabling you to conquer the steepest hills and toughest trails with ease. The steel front fork ensures maximum durability and stability, while the 4 piston hydraulic disc brake provides reliable stopping power in any weather condition.

This bike is designed for speed, with a maximum speed of over 32km/h. Whether you're commuting to work, exploring new trails, or just cruising around town, the Electrically-Enhanced Road Bike is the perfect choice for any adventure.

Don't let the hills slow you down - the Electrically-Enhanced Road Bike is here to take you to new heights. With its powerful motor, sturdy build, and reliable braking system, you can ride with confidence and peace of mind.

Get ready to experience the thrill of the road like never before with the Electrically-Enhanced Road Bike. Order yours today and start exploring the world on two wheels!

Features:

Product Name: Electric Road Bike

Charging Time: >3 Hours

Speed: >32km/h

Saddle: Specialized Body Geometry Power, Carbon Fiber Rails

Front Fork: Steel Front Fork

Power: 36V/250W Brushless Motor

Applications:

With its powerful 36V/250W brushless motor, the Thunder Electric Bike can help you tackle even the toughest hills and headwinds with ease. And with a charging time of just over 3 hours, you can quickly and easily recharge the bike's battery whenever you need to.

The Thunder Electric Bike also features a specialized Body Geometry Power saddle with carbon fiber rails, which provides superior comfort and support during even the longest rides. And with a steel front fork and carbon fiber frame material, this bike is both lightweight and durable, making it the perfect choice for riders of all skill levels.

So whether you are looking for a fun and efficient way to commute to work, a challenging workout that will help you build strength and endurance, or a new way to explore the great outdoors, the Thunder Electric Bike is the perfect choice. With its powerful motor, comfortable saddle, and lightweight frame, this electrically-enhanced road bike is sure to become your go-to choice for all of your cycling needs.
