- Wheels: 2 Wheels
- Power Consumption: 15kw/100km
- Charger Time: 6-8 Hours
- Motor Style: Brushless Gearless Motor
- Motor Power: 800W
- Highlight: LCD Display Motor Bike Moped,  
Air Condition LCD Display Moped,  
LCD Display Power Assisted Moped

## Product Description

### Motor Bike Display LCD Display and Air Condition for Power Assisted Moped

#### Product Description:

One of the great features of this electric moped is its maximum loading capacity of 150 kgs. This means that you can carry groceries, supplies, or even another person without worrying about exceeding the weight limit.

The motor style of this moped is a brushless gearless motor, which is efficient and reliable. You won't have to worry about maintenance or replacing parts frequently, which will save you time and money in the long run.

The Electric Moped Bike is a power assisted moped that is perfect for those who want to save money on gas and reduce their carbon footprint. It is also a great option for those who want to avoid the traffic and parking issues that come with driving a car.

Whether you're a student, a commuter, or just someone who wants to enjoy a leisurely ride around town, the Electric Moped Bike is an excellent choice. It's easy to use, environmentally friendly, and affordable.

#### Features:

Product Name: Electric Moped Bike

Charger Time: 6-8 Hours

Motor Power: 800W

Power Consumption: 15kw/100km

Range Per Power: 31 - 60 Km

Wheels: 2 Wheels

Type: Power Assisted Moped

Usage: Power Assisted Moped

Classification: Power Assisted Moped

#### Applications:

The Thunder Electric Bike is perfect for commuting to work, school, or running errands. Its power-assisted moped feature makes it easy to navigate through busy streets and traffic. The electric motor provides a smooth and efficient ride, and the battery can be charged in just 6-8 hours, making it a convenient and eco-friendly transportation option.

For those who enjoy outdoor adventures, the Thunder Electric Bike is a great choice. It can easily navigate through rough terrain and steep hills, making it perfect for off-road adventures. The power-assisted moped feature makes it easy to ride for long distances without getting tired, so you can explore more and enjoy the scenery.

The Thunder Electric Bike is also a great option for those looking for a fun and eco-friendly way to exercise. The power-assisted moped feature allows you to control the level of exertion and still get a great workout. Plus, the electric motor provides a smooth and easy ride, so you can focus on enjoying the scenery and getting some fresh air.

Overall, the Thunder Electric Bike is a versatile and reliable mode of transportation that is perfect for a variety of occasions and scenarios. Whether you're commuting to work, running errands, exploring the outdoors, or just looking for a fun and eco-friendly way to exercise, this powerful and efficient electric moped bike is a great choice.
