Product Description

Front Hub Motor 3 Wheel Electric Trike for Sustainable and Environmentally Friendly Travel

Product Description:

With a maximum load capacity of 120kgs, this 3 wheel electric trike is suitable for riders of all shapes and sizes. Whether you're running errands or hitting the town, you can trust that this trike will keep you moving forward.

The battery of this 3 wheel electric trike has a capacity of 48V 16AH, providing you with ample power to go the distance. You won't have to worry about running out of juice mid-ride, thanks to the long-lasting and efficient battery.

The 10*3.0 Tubeless tyre of this 3 wheel electric trike ensures a smooth and comfortable ride, even on bumpy roads. The tyre size of 300-10 Vacuum Tyre provides excellent traction, allowing you to confidently navigate any terrain.

Investing in a 3 wheel electric trike is not only a smart choice for your wallet but also for the environment. By choosing this eco-friendly mode of transportation, you are reducing your carbon footprint and contributing to a cleaner planet.

Overall, the 3 Wheel Electric Trike is an excellent choice for anyone looking for a reliable, comfortable, and eco-friendly mode of transportation. With its powerful battery, sturdy construction, and high load capacity, this trike is sure to become your go-to choice for all your transportation needs.

Features:

Product Name: 3 Wheel Electric Tricycle

Power Supply: Lithium Battery

Max Speed: 25 Km/h

Frame: Aluminum Alloy

Battery Capacity: 48V 16AH

Controller: Small Intelligent Controller

Applications:

The pneumatic tires on this trike ensure a smooth ride, making it suitable for both urban and rural areas. Its small intelligent controller makes it easy to operate, making it perfect for people of all ages. Here are some of the occasions and scenarios where the Thunder Electric Bike's 3 wheel electric trike can be used:

Personal transportation: This trike can be used for personal transportation, especially for those who don't want to use a car or a motorcycle. It is perfect for running errands, commuting to work, or going to the grocery store.

Delivery services: With its spacious cargo area, this trike is perfect for delivery services. It can be used to deliver food, packages, or even furniture.

Tourism: This trike is perfect for tourism. Its comfortable seats and smooth ride make it perfect for sightseeing. It can be used for guided tours or for personal exploration.

Recreation: This trike is perfect for recreational purposes. It can be used for leisurely rides around the park or for exploring new areas.

The Thunder Electric Bike's 3 wheel electric trike is a versatile and reliable mode of transportation that can be used for a variety of occasions and scenarios. Whether you're looking for personal transportation, delivery services, tourism, or recreation, this trike is perfect for you.
