Basic Information

- Place of Origin: zhejiang
- Brand Name: Thunder Electric Bike

Product Specification

- Torque: 60-70 Nm
- Brake: Front Disk And Rear Drum Brakes
- Tire Size: 18
- Color: Black
- Frame: Aluminum Alloy
- Battery: 36V 8Ah Lithium-ion
- Motor Position: Rear Hub Motor
- Brake Type: Disc Brake
- Highlight: **Front Disk Hybrid Electric Bicycle,
36V 8Ah Electric Hybrid Bike,
Lithium Ion Electric Hybrid Bike**

Product Description

36V 8Ah Lithium-ion Battery Powered Hybrid Electric Bicycle with Front Disk And Rear Drum Brakes

Product Description:

The tire size of 18 inches is perfect for both on and off-road adventures, making it easy to navigate any terrain. The disc brake system provides superior stopping power, allowing you to brake quickly and smoothly.

The power supply of this Hybrid Electric Bicycle is a reliable lead-acid battery, which can be easily charged and provides long-lasting power. With this battery, you can enjoy long hours of riding without worrying about running out of energy.

The frame of this Hybrid Electric Bicycle is made of high-quality aluminum alloy, which makes it lightweight and durable. The aluminum alloy frame is resistant to corrosion and rust, ensuring that it will last for many years to come.

Experience the ultimate in convenience and comfort with the Hybrid Electric Bicycle. Whether you're commuting to work or taking a leisurely ride through the countryside, this bike is the perfect choice for you.

So why wait? Get your hands on the Hybrid Electric Bicycle today and start enjoying the benefits of an eco-friendly and efficient mode of transportation.

Features:

Product Name: Hybrid Electric Bicycle

Brake Type: Disc Brake

Foldable: NO

Torque: 60-70 Nm

Weight: 20 Kg

Range Per Charge: 25-32KM

Applications:

The Hybrid Electric Bicycle is suitable for various occasions. One of the primary applications is commuting to work. With the Thunder Electric Bike, you can save time and energy while avoiding traffic. The electric motor can be used to assist you while pedaling, which means you can reach your destination quickly without breaking a sweat. It's also perfect for leisurely rides in the park or countryside. The 18-inch tire size is ideal for a smooth ride on rough terrain, and the bike's aluminum alloy frame ensures a comfortable ride.

The Thunder Electric Bike's battery is a 36V 8Ah Lithium-ion, which provides enough power to cover long distances. With this battery, you can travel up to 45 km on a single charge. The bike's color is black, which gives it a sleek and sophisticated look. It's perfect for those who want a bike that looks great and performs even better.

This Hybrid Electric Bicycle is perfect for people who want to reduce their carbon footprint. It's an eco-friendly mode of transportation that emits no emissions, making it an excellent alternative to cars and motorcycles. The Thunder Electric Bike is also perfect for people who want to save money on gas and maintenance costs. It's an affordable option that provides long-term savings.

In conclusion, the Thunder Electric Bike is a Hybrid Electric Bicycle that offers a lot of advantages. It's perfect for commuting, leisurely rides, and reducing your carbon footprint. With its high-quality components and reliable performance, this bike is a great investment for anyone who wants to enjoy the benefits of both cycling and electric power.
