### Basic Information

- Place of Origin: zhejiang
- Brand Name: Thunder Electric Bike

### Product Specification

- Frame: Aluminum Alloy
- Battery: 48V 10.4Ah Lithium Battery
- Foldable: NO
- Max Speed: 25 Km/h
- Weight: 22 Kg
- Frame Material: Aluminum Alloy
- Display: LCD
- Color: Dark Blue
- Highlight: **Crank Motor E Cycle Riders,  
Aluminum Alloy Frame E Cycle Riders,  
48V 10.4Ah E Cycle Riders**

## Product Description

### 48V 10.4Ah Lithium Battery The Ultimate Choice for Crank Motor E-Cycle Riders

#### Product Description:

One of the standout features of this electric bike is the disc brake system, which provides reliable and safe stopping power in any weather conditions. The LCD display allows the rider to easily monitor their speed, distance traveled, battery life, and other important information. While this electric bike is not foldable, it is compact enough to store in a garage or apartment without taking up too much space. The Crank Motor E-Cycle is perfect for commuting to work or leisurely rides on the weekend. Overall, the Crank Motor E-Cycle is a top-of-the-line electric bike that combines style, performance, and functionality. Whether you're looking for a reliable mode of transportation or a fun way to explore the outdoors, this electric bike is sure to exceed your expectations.

#### Features:

Product Name: Mid Drive Electric Bike

Motor: 48V 250W TRUCKRUN Mid Drive

Derailleur: 9-speed-gears

Frame: Aluminum Alloy

Color: Dark Blue

Battery Type: Lithium-ion

This Mid Drive Electric Bike is a top-of-the-line E-Cycle that features a powerful 48V 250W TRUCKRUN Crank Motor. With its 9-speed-gears, you'll be able to tackle any terrain with ease. The sturdy Aluminum Alloy frame ensures that this bike can handle whatever you throw at it, while the sleek Dark Blue color adds a touch of style. Plus, with a Lithium-ion battery, you can ride for hours without worrying about running out of power. Get ready to ride like never before with the Mid Drive Electric Bike!

#### Applications:

The Dark Blue color of the Thunder Electric Bike is sleek and stylish, perfect for individuals who want a bike that looks as good as it feels to ride. The bike's braking system is equipped with Disc Brakes, providing riders with the confidence to brake quickly and safely when necessary.

The Thunder Electric Bike is powered by a 48V 10.4Ah Lithium Battery, which provides riders with a long-lasting and reliable source of power. This battery is also easily removable, making it convenient for individuals to charge on the go.

There are many occasions and scenarios in which the Thunder Electric Bike can be used. For individuals who are looking for a reliable mode of transportation to and from work, this bike is a great option. The electric motor ensures that riders can easily navigate through traffic, while the lightweight design makes it easy to carry up stairs or onto public transportation.

The Thunder Electric Bike is also a great option for individuals who enjoy exploring the outdoors. With its powerful motor and reliable battery, riders can easily navigate through rough terrain and hills. The bike's lightweight design also makes it easy to carry on camping trips or other outdoor adventures.

Finally, the Thunder Electric Bike is a great option for individuals who are looking for a fun and eco-friendly way to spend their leisure time. Whether it's a ride through the park or a leisurely trip around town, this bike is sure to provide riders with a fun and enjoyable experience.
