Product Description

Front V and Rear Drum Brake 3 Wheel Electric Trike Powered by Front Hub Motor

Product Description:

Powered by a high-capacity 48V 16AH Lithium Battery, this 3 wheel electric trike can cover long distances without any worries of running out of power. The battery is easily removable, making it convenient for charging and maintenance.

The 10*3.0 Tubeless tyre of this electric tricycle provides excellent grip on the road, ensuring a safe and stable ride. The front V and rear drum brake system ensures efficient braking, providing riders with greater control and safety.

This 3 wheel electric trike is perfect for both leisure and commuting purposes. It is a great alternative to traditional gas-powered vehicles, providing a cleaner and more sustainable mode of transportation.

Whether you're looking to run errands, commute to work, or just enjoy a leisurely ride, this 3 wheel electric trike is the perfect choice. It is easy to operate, comfortable, and offers a smooth ride that is perfect for riders of all ages.

So why wait? Get your hands on this 3 wheel electric trike today and start enjoying a clean, eco-friendly ride like no other.

Features:

Product Name: 3 Wheel-Electric Tricycle

Controller: Small Intelligent Controller

Frame: Aluminum Alloy

Max Loading: 120kgs

Tire Size: 300-10Vacuum Tyre

Power Supply: Lithium Battery

Applications:

One of the best features of this 3 wheel electric trike is its pneumatic tires. The tires are designed to provide a smooth and comfortable ride, even on rough terrain. The tires are also very durable, which means that they will last a long time, even with constant use.

The power supply of this 3 wheel electric trike is a lithium battery, which is integrated into the battery position. This ensures that the battery is safe and secure while in use. The battery has a long life, which means that it can be used for long periods of time without needing to be recharged.

The trike also has 10*3.0 tubeless tyres, which adds to the stability and safety of the ride. The tyres are designed to provide a smooth and comfortable ride, even on bumpy roads.

This 3 wheel electric trike is perfect for a variety of occasions and scenarios. For example, it can be used for leisurely rides around the neighborhood, or for running errands. It is also perfect for people who have mobility issues and need a stable and safe ride.

The luxurious style of this trike makes it perfect for special occasions, such as weddings or other events. It is also perfect for people who want to make a statement while riding around town.

In conclusion, Thunder Electric Bike's 3 wheel electric trike is a great investment for anyone who wants a luxurious, stable, and safe ride. Its design, features, and style make it perfect for a variety of occasions and scenarios.
