Basic Information

- Place of Origin: zhejiang
- Brand Name: Thunder Electric Bike

Product Specification

- Cell Brand: China, Samsung, LG Optional
- Warranty: 2 Years Warranty
- Port: Shanghai Or Ning Bo
- Range Per Power: 31 - 60 Km
- Battery Capacity: 10Ah/12Ah
- Amp: 8-17AH Optional
- Part: WHEEL
- Battery: 36V 13AH Lithium Battery
- Highlight: **10ah Wheel E Bike Components, Enhanced Performance Wheel E Bike Components, 12ah Wheel E Bike Components**

Product Description

WHEEL E-Bike Components 10Ah/12Ah Battery Capacity and Enhanced Performance

Product Description:

The Brushless Motor provides a powerful and reliable source of energy for your Electric Bicycle. It allows for a smooth and quiet ride, ensuring that you can reach your destination with ease and comfort. With its low maintenance requirements, you can enjoy your E-Bike Components for years to come.

The 36V 13AH Lithium Battery is a high-quality battery that provides you with long-lasting power. It can last for up to 30-40 miles on a single charge, depending on your riding style and terrain. This makes it a great choice for commuters and those who enjoy longer rides. With its fast charging time, you can be back on the road in no time.

The LCD Display is an essential part of your Electric Bicycle Parts. It provides you with all the information you need to know about your ride, including speed, distance, and battery life. With its clear and easy-to-read display, you can keep track of your progress and make adjustments as needed.

The Wheel Part is another crucial component of your E-Bike Components. It ensures that your ride is smooth and comfortable by absorbing shocks and vibrations. With its durable construction, it can withstand the wear and tear of daily use and provide you with a reliable ride.

Overall, our Electric Bicycle Parts offer you a complete and high-quality package for your E-Bike Components. With their powerful and reliable performance, you can enjoy a comfortable and efficient ride every time.

Features:

E-Bike Components:

Product Name: Electric Bicycle Parts

Brake Machine: Brake Sensor

Brake Level: Brake Handlebar

Motor: Brushless

Range: 30-40 Miles

Amp: 8-17AH Optional

Applications:

The range per power of the Thunder Electric Bike Electric Bicycle Parts is between 31-60 Km. This means that the Electric Bicycle Parts are perfect for those who want to ride long distances without worrying about running out of power. The Battery Capacity of these Electric Bicycle Parts is 10Ah/12Ah, which is sufficient for most riders. The Battery used by the Thunder Electric Bike Electric Bicycle Parts is a 36V 13AH Lithium Battery, which is known for its durability and long life.

The range of the Thunder Electric Bike Electric Bicycle Parts is between 30-40 miles, which is more than enough for most riders. The Electric Bicycle Parts are perfect for commuting to work, running errands, or just going for a leisurely ride. The Thunder Electric Bike Electric Bicycle Parts are also suitable for different types of terrain, including hills, mountains, and flat roads.

Overall, the Thunder Electric Bike Electric Bicycle Parts are an excellent choice for anyone who wants to upgrade their E-Bike Components. The Electric Bicycle Parts are made with high-quality materials, provide excellent performance, and are suitable for different types of riders. Whether you are a commuter, a leisure rider, or someone who loves to explore different terrains, the Thunder Electric Bike Electric Bicycle Parts are perfect for you.
