### Product Description:

The Electric City Commuter Bike, known as the Electric Scooter Small Mangdou, is a premium electric bike designed for urban commuters seeking convenience, style, and reliable performance. With a sturdy construction and impressive loading capacity of 150kgs, this bike is perfect for daily commutes, errands, and leisure rides around the city.

Available in a range of sleek colors including black, white, red, and blue, the Electric Scooter Small Mangdou allows riders to choose a style that suits their preferences and personality. Whether you prefer a classic black look or a vibrant red finish, this bike offers options to match your taste.

The Electric Scooter Small Mangdou is equipped with a powerful 6 Pipe Controller, ensuring smooth acceleration, responsive braking, and overall excellent performance. The controller's advanced technology enhances the bike's efficiency and control, making it a reliable companion for navigating city streets and bike paths.

At the heart of the Electric Scooter Small Mangdou is its Rear Hub Brushless Motor, known for its quiet operation, low maintenance, and efficient power delivery. This motor style provides a seamless riding experience, allowing you to zip through traffic with ease while enjoying a quiet and environmentally friendly commute.

Whether you're a daily commuter, weekend explorer, or eco-conscious rider, the Electric Scooter Small Mangdou offers a versatile and enjoyable way to travel around the city. Its robust design, high loading capacity, and advanced components make it a top choice for those seeking a reliable and efficient electric city commuter bike.

### Features:

Product Name: Electric City Bike

Battery Capacity: 10 - 20Ah

Motor Power: 350W

Battery: 48V 12Ah LEAD-ACID BATTERY
