Basic Information

- Place of Origin: zhejiang
- Brand Name: Thunder Electric Bike
- Model Number: TH-V 15

Product Specification

- Power Supply: Lithium Battery
- Voltage: 72V
- Max Speed: 30-50Km/h
- Motor Position: Rear Hub Motor
- Braking System: Disc Brake
- Torque: 80-90 Nm
- Brake: Double Hydraulic Disk Brake
- Battery Position: Down Tube
- Highlight: **Disc Brake electric delivery bike ,
30-50Km/H electric delivery bike,
30-50Km/H delivery bike electric**

Product Description

Product Description:

An electric cargo delivery bike is an essential tool for businesses looking to efficiently transport goods in urban environments. The Electric Cargo Bike with a rear hub motor is a reliable and versatile option for businesses seeking a sustainable and cost-effective delivery solution.

The Electric Cargo Bike is equipped with a powerful 72V rear hub motor, providing ample power to tackle various terrains and carry heavy loads. The rear hub motor position offers a balanced weight distribution, enhancing stability and maneuverability while riding. Ensuring safety and control, the Electric Cargo Bike is equipped with a double hydraulic disk brake system. This advanced braking system delivers reliable stopping power, giving riders peace of mind when navigating busy streets and intersections.

With a range of over 60 km on a single charge, the Electric Cargo Bike provides businesses with the flexibility to make multiple deliveries throughout the day without the need for frequent recharging. This extended range capability is ideal for businesses with high delivery demands and ensures efficient operations.

Furthermore, the Electric Cargo Bike comes with a comprehensive 2-year warranty, offering businesses added assurance of product quality and reliability. This warranty coverage protects against potential defects and malfunctions, giving businesses the confidence to rely on the Electric Cargo Bike for their delivery needs.

In conclusion, the Electric Cargo Bike with a rear hub motor, 72V voltage, double hydraulic disk brake system, over 60 km range, and 2-year warranty is a top choice for businesses in need of an electric cargo delivery bike. Its powerful motor, efficient braking system, long-range capability, and warranty coverage make it a dependable and practical solution for urban delivery operations.

Features:

Product Name: Electric Cargo Bike

Brake: Double Hydraulic Disk Brake

Warranty: 2 Years

Battery Position: Down Tube

Battery: Double 72V 20Ah (30/40/50Ah Lithium Optional)

Torque: 80-90 Nm

Applications:

Originating from Zhejiang, the Thunder Electric Bike TH-V 15 is a reliable and powerful option for all your cargo delivery needs. With a power range of over 60 km, this electric cargo bike can cover significant distances on a single charge, making it ideal for urban deliveries, courier services, and last-mile logistics.

The rear hub motor position of the Thunder Electric Bike TH-V 15 ensures smooth and steady performance, allowing for easy maneuverability in various environments. Whether navigating through busy city streets or delivering packages in residential areas, this electric cargo bike offers exceptional handling and control.

With a charging time of over 3 hours, the Thunder Electric Bike TH-V 15 can quickly get back on the road, minimizing downtime and maximizing productivity. Its maximum speed range of 30-50 km/h provides efficient travel times, ensuring timely deliveries and optimal performance.

Equipped with a reliable disc brake system, the Thunder Electric Bike TH-V 15 offers enhanced safety and braking efficiency, allowing riders to navigate challenging terrains and traffic conditions with ease. Whether stopping abruptly in busy intersections or navigating steep slopes, this electric cargo delivery bike provides reliable stopping power.

In conclusion, the Thunder Electric Bike TH-V 15 is a top choice for individuals and businesses looking for a dependable and efficient electric cargo delivery bike. With its powerful performance, versatile design, and advanced features, this electric cargo bike is suitable for a wide range of application occasions and scenarios, making it a valuable asset for modern transportation needs.

FAQ:

Q: What is the brand name of this electric cargo bike?

A: The brand name of this electric cargo bike is Thunder Electric Bike.

Q: What is the model number of this electric cargo bike?

A: The model number of this electric cargo bike is TH-V 15.

Q: Where is this electric cargo bike manufactured?

A: This electric cargo bike is manufactured in Zhejiang.

Q: What is the weight capacity of this electric cargo bike?

A: The weight capacity of this electric cargo bike is 150kg.

Q: Does this electric cargo bike come with a warranty?

A: Yes, this electric cargo bike comes with a warranty. Please refer to the warranty information provided for details.
